Have questions about starting at a university?
Entering a STEM field?

Come to the BSC Orientation!

August 14th & 15th
10:00AM-2:00PM!

At the BSC orientation we make student's lives a little easier, so start the year off right by attending our new student orientation! Students will get a chance to meet our mentors and some of the professors at UHCL and San Jacinto College. Additionally, students will learn about the upcoming events and Tech Friday topics that will be offered this Fall.
